

## **Dodge Caliber "Xcaliber" Caresto edition**

When Daimler Chrysler and the Swedish Auto-magazine BilSport decided to create a show car for track days and events they chose Caresto. Their demand was a usable headturner with Air ride and a one off paint.

This car is an unique combination of lowrider and a daily driver. It has one off body kit which was designed in house, further develop the original design was the thought. It´s lowerd and fitted with an Air ride suspension. The one off paint is designed by Löörs – a Swedish legend in paintwork design.

About us:

Caresto was founded in 1996, we are a design and coach builder based in Sweden. During the years Caresto have had the opportunity to create and deliver many exciting cars and automotive creations to our clients.
